

Weltzheimer/Johnson House

Driving directions from the museum to the entrance for those with limited mobility.

There are two driveways to the W/J house: the gravel driveway part of the original Frank Lloyd Wright design (534 Morgan Street), and the modern driveway at 127 Woodhaven Place (the numbers are not visible on the mailbox or the house). The Woodhaven entry point is reserved for individuals with accessibility issues and private groups with advance registration. It is located at the end of the cul de sac.

- ❖ Take Ohio Route 511/Lorain Street WEST for one mile
- ❖ Turn LEFT on Pyle/South Amherst Road
- ❖ Continue for approximately a half mile
- ❖ Turn LEFT on Glenhurst Drive (second left from Lorain)
- ❖ Turn RIGHT on Woodhaven (first right from Glenhurst)
- ❖ When you are on Woodhaven Place cul-de-sac, the W/J driveway corresponds to 11 o'clock if the circle were an analog watch.

Please use caution near the house—the carport is very low for most modern vehicles. Avoid driving under the carport and park your vehicle on the left side. Thank you.
